In the Time of Famine Michael Grant 2011-07-26 In 1845 a blight of unknown origin destroyed the potato crop in Ireland triggering a series of events that would change forever the course of Ireland's history. The British government called the famine an act of God. The Irish called it genocide. By any name the famine caused the death of over one million men, women, and children by starvation and disease. Another two million were forced to flee the country. With the famine as a backdrop, this is a story about two families as different as coarse wool and fine silk. Michael Ranahan, the son of a tenant farmer, dreams of breaking his bondage to the land and going to America. The passage money has been saved. He's made up his mind to go. And then the blight strikes and Michael must put his dream on hold. The landlord, Lord Somerville, is a compassionate man who struggles to preserve a way of life without compromising his ideals. To add to his troubles, he has to deal with a recalcitrant daughter who chafes at being forced to live in a country of "bog runners." In The Time Of Famine is a story of survival. It's a story of duplicity. But most of all, it's a story of love and sacrifice.

I Can't Believe I'm Not Bitter Pat Fortunato 2012-07-01 In these hilarious "confessions" of her misadventures, Pat Fortunato shows us why you must often bend the rules to avoid becoming bitter. She takes all those clichés, platitudes and supposedly wise and helpful advice you hear every day, adds the all-important sentiment, "Yeah, but . . ." and tells a funny story. "Do something out of your comfort zone?" Well, maybe. But should you meet your lunch date at a strip club as she did? Probably not (My Night At The Pussy Cat Lounge). "Always wear clean underwear?" Right. Just don't leave it in Rome by the Trevi Fountain (Oh! You're Supposed

To Throw Coins!). "Embrace change?" Okay, but don't expect to like it (Alien Vibrators From Hell). Expect to like the book, though: it's readable, witty, and all too true.

Winter Sky Coleman Barks 2008 As the foremost translator of thirteenth-century mystic poet Jalal Al-Din Rumi, Coleman Barks reaches a devoted, inspired, and ever-widening international audience. Yet the foundation for Barks's work as a translator is his own significant body of work as a poet. *Winter Sky* offers a selection from Barks's seven previously published books combined with a group of new poems. Barks's open-hearted, free verse poetry is infused with a joy of the spirit at play with the forms of the world. His journey through life is deeply embedded in his work. The poems spring directly from experience and engage with subjects such as the elation and struggle of having and raising children, grief over the deaths of loved ones, the transition from parent to grandparent, or the changing nature and intensity of desire. Barks's open letter to President Bush, written days before the invasion of Iraq and widely circulated online, is a poetic plea for peace, offering a startling and moving alternative to war. Whether it is the childhood excitement of being named best athlete at summer camp or the early signs of dementia at the age of seventy, Barks uses the personal to convey the universal. The unique flow of a life is here in poems that are rueful, confused, torn, and grateful, but always informed by Barks's transcendent sense of joy and playfulness.

Only the gentle wisdom of Sierra's good friend, Christy Miller, helps her face a difficult decision. But is it too late for Sierra and Paul? Story Behind the Book "After writing the twelve-book Christy Miller series for teens, a new teen character showed up on the pages of the final novel. Her name was Sierra Jensen, and she was such a compelling character that readers began asking for a series about Sierra in order to hear more about her life choices. Our family had just moved to Portland at the time, and I found it easy to picture a sixteen-year-old like Sierra shopping at the local vintage clothing stores, hanging out with friends at a garage band concert, and serving at the homeless shelter on weekends."

My Life: Everything but BUY THE BOOK Scott Ludwig 2013-08-19 To: Editor, Atlanta Journal-Constitution I believe your newspaper has been missing something for the last two decades. In fact it was the original reason I became a loyal subscriber in the first place: the thriceweekly columns of my all-time favorite writer, the late, great Lewis Grizzard. Trust me when I say that as a loyal

University of Florida graduate it's difficult for me to admit there is actually something good that came out of the University of Georgia, and that something would be Lewis Grizzard. Born and raised in nearby Moreland (I reside in Peachtree City, Georgia), Grizzard had a major influence on my writing style. This is my sixth self-published book; one of them sold so well a publisher came a-calling to buy the rights to it. Now I'd like to take my writing to the next level. That's where you come in. Consider this book as both my job application and resume for a position on your editorial staff. Everything here on the back cover is my cover letter to you. I leave you with one simple question: When do I start?

Embracing Survival Dydine Umunyana 2016-08-10 Embracing Survival, a memoir by Dydine Umunyana, tells the story of the Rwandan Genocide against the Tutsis at the hands of the Hutu perpetrators in Rwanda (1994) through the eyes of the four-year-old child that she was when the horrific massacre occurred. Separated from her family, she barely survived the conflict. While the physical killing finally stopped, the mental and emotional 'killing' continued, affecting her and her family. She writes that "I have learned that we cannot do for others what we cannot do for ourselves. By nourishing the light within ourselves, we find strength we never knew was there....I came to realize that one's own life experiences are not theirs to keep but ours to teach."

Why You're Still Single Evan Marc Katz 2006-05-30 Why You're Still Single is not about chasing men, so you will not need a butterfly net. It is not about making them chase you, because they are not wolves and you are not a bunny. Relationship experts Evan Marc Katz and Linda Holmes do not suggest that you treat men like hostile alien presences, pretend you don't understand football, buy padded bras, or refuse to call people back. But the benefit of other people's experience might point out a few things that are tripping you up, no matter how much of an amazing, smart, hot, totally worthwhile ass-kicker you may be as a general rule. They recommend: Honesty (usually), playing fair, shutting up (sometimes), speaking up (other times), respecting that voice in your head that says "You're doing WHAT?", making compromises, knowing when to cut bait, good sex, giving yourself a break, being needlessly generous, and periodically leaving your apartment. They don't recommend: Pretending to like what you don't like, treating winking and giggling like a Get Out Of Jail Free card, testing people, stubbornness, martyrdom, talking everything to death, and convincing yourself that you're desperate.

I Can't Believe I'm Sitting Next to a Republican Harry Stein 2010-12 With biting wit and amusing personal anecdotes, Harry Stein's I Can't Believe I'm Sitting Next to a Republican chronicles the everyday travails and triumphs of the plucky conservatives marooned in the liberal bastions that loathe them, from Manhattan to Hollywood, to all the noxious places in between. Surrounded by the insufferably smug and self-righteous -- from the angry old lady with the anti-war sign affixed to her walker to the random jerk at a dinner party quoting George Soros -- these intrepid souls live in a hostile world; knowing that anytime a neighbor chances to learn their views on affirmative action, big government, feminism, the environment, abortion, multi-culturalism, sex education, the reliability of The New York Times, the scariness of evangelicals or (fill in the blank), his/her face will register stunned surprise and deep confusion. Or worse. Stein gives special attention to those conservatives working in professions dominated by the liberal elite—journalism, publishing, entertainment, and academia—celebrating their guts and sharing in their disdain for the dogmatism of the self-appointed creative and intellectual class. The result is a conservative's guide to love, work, friendship, dinner party mischief, and staying happy and un-smeared in liberal America.

It's not just that we're friends, he's also cocky, confident, and British, which means he's a walking aphrodisiac. But lately he's been giving me the look. You know the one. When he thinks I'm not paying attention, and his gaze lingers for too long. When we start working together, that's when the sexual tension between us gets so thick, I want to hack through it with a machete. I want to make all these deep feelings I've harbored for him disappear, because there's no way this can end well. The lines between business and pleasure become irrevocably blurred, and I'm stuck between a rock and Sterling's very, very hard place. Rather than keep a level head about our growing attraction, Sterling wants to go all in, showing me just how explosive we can be together. But I've been around long enough to know that this British bad boy is more than my heart can handle. I'm not about to be cast aside like yesterday's underwear when he's done having fun.

Sterling's never been told no, and he's not about to put his ego aside and play by my rules. But I never thought he'd fight so dirty.
