Labor Relations Arthur A. Sloane 2009-02 Labor Relations, 13/e, the most accurate, readable, timely, and valuable book of its kind on the market, provides readers with a basic understanding of unionism in its natural habitat and a fundamental appreciation of the union-management process. It focuses on the negotiation and administration of labor agreements, and emphasizes the more significant bargaining issues. The 13th edition includes new material and an extensively revised and updated bibliography. For vice-presidents and directors of labor relations, union presidents, and others who are full-time labor-management professionals for either managements or unions.

Essentials of Public Health Management L. Fleming Fallon Jr. 2011-05-04 Written for both professionals and students, Essentials of Public Health Management is a practical, nontheoretical reference that will prepare the reader for the hands-on management and daily operations of a complex public health department or agency.

Foreign Affairs Federalism Michael J. Glennon 2016-04-15 Challenging the myth that the federal government exercises exclusive control over U.S. foreign-policymaking, Michael J. Glennon and Robert D. Sloane propose that we recognize the prominent role that states and cities now play in that realm. Foreign Affairs Federalism provides the first comprehensive study of the constitutional law and practice of federalism in the conduct of U.S. foreign relations. It could hardly be timelier. States and cities recently have limited greenhouse gas emissions, declared nuclear free zones and sanctuaries for undocumented immigrants, established thousands of sister-city relationships, set up informal diplomatic offices abroad, and sanctioned oppressive foreign governments. Exploring the implications of these and other initiatives, this book argues that the national interest cannot be advanced internationally by Washington alone. Glennon and Sloane examine in detail the considerable foreign affairs powers retained by the states under the Constitution and question the need for Congress or the president to step in to provide "one voice" in foreign affairs. They present concrete, realistic ways that the courts can update antiquated federalism precepts and untangle interwoven strands of international law, federal law, and state law. The result is a lucid, incisive, and up-to-date analysis of the rules that empower-and limit-states and cities abroad.

The Legal Environment of Business George W. Spiro 1989

Labor Relations Arthur A. Back to Medieval Times! Richard Sloane 2013-05-13 Join Augie and June again, who are now twelve, on another fantastic historical adventure! This time they are spun back on the magic carousel to 1209 AD. There they help a special group of scholars to get to Cambridge and on the way meet many dangers which they have to overcome using a mixture of ingenuity and brute force. They also meet some very famous people who turn out to be not at all what they expected. The story incorporates

suspense, excitement, magic and a fun way into history, all elements which children between about 9 – 12 love to read about. So enjoy!

The Publishers Weekly 1911

Labour Relations Larry Suffield 2015-03-03 Labour Relations, Fourth Edition, is intended to provide a practical text for labour relations, industrial relations, and collective bargaining courses. Forthcoming Books Rose Army 2001

Effective Police Supervision Harry W. More 2014-01-22 Good police officers are often promoted into supervisory positions with little or no training for what makes a good manager. Effective Police Supervision is a core text used in college-level classes on supervisory practices in criminal justice. This popular book combines behavioral theory with case studies that allow the reader to identify and resolve personal and organizational problems. It provides readers with an understanding of group behaviors and organizational dynamics, with a focus on effectiveness as well as proficiency, and on how a supervisor can help to create an effective organization. This book is also a vital tool in the preparation of police officers for promotional exams. Each chapter includes important key terms and opens with a case study to illustrate important concepts New material has been added throughout the textbook on police accountability, police involvement with news media, dealing with social media, and avoiding scandals Used nationwide for police promotional exams A study guide including learning objectives, key terms, chapter summaries, and review questions is available for purchase (ISBN: 9780323280044)

Effective Police Supervision Larry S. Miller 2017-03-07 Outstanding first-line supervisors are essential to the success of any law enforcement agency, yet many officers lack the supervision training necessary to excel. Effective Police Supervision immerses readers in the group behaviors and organizational dynamics supervisors must master in order to lead their teams and to help create an effective police department. Combining behavioral theory and updated case studies, this core text, now in its eighth edition, is a vital tool for all college students pursuing criminal justice courses on supervisory practices, as well as police officers preparing for promotional exams.

Positioning in Radiography Kathleen Clara Clark 1974

Fundamentals of Business (black and White) Stephen J. Skripak 2016-07-29 (Black & White version) Fundamentals of Business was created for Virginia Tech's MGT 1104 Foundations of Business through a collaboration between the Pamplin College of Business and Virginia Tech Libraries. Hoffa Arthur A. Sloane 1991 Recounts the private life and public career of the labor leader who is remembered for his populist touch with the rank-in-file, his brushes with the law, and his mysterious disappearance

Anti-Communist Solidarity Larissa Rosa Corrêa 2021-12-20 Since the 1960s, many influential Latin Americans, such as the leaders of student movements and unions, and political authorities, participated in exchange programs with the United States to learn about the American way of life. In Brazil, during the international context of the Cold War, when Brazil was governed by a military dictatorship ruled by generals who alternated in power, hundreds of union members were sent to the United States to take union education courses. Did they come back “Americanized” and able to introduce American trade unionism in Brazil? That is the question this book seeks to answer. It is a subject that is as yet little explored in the history of Latin American labor and international relations: the influence of foreign union organizations on national union politics and movements. Despite the US’s investment in advertising, courses, films and trips offered to Brazilian union members, most of them were not convinced by the American ideas on how to organize an “authentic” union movement – or, at least, not committed to applying what they learned in the States.

Labor Relations for the Fire Service Paul J. Antonellis 2012 In his highly regarded new book, Paul Antonellis — fire service veteran, training/education consultant, instructor, author — explores the aspects of labour relations that are intertwined with human resource management in today’s fire service organisations.

Intended as a text for college-level fire service programs, Labor Relations for the Fire Service meets USFA’s FESHE requirement for the Personnel Management for the Fire and Emergency Services course.

Labor Relations Arthur A. Sloane 1997 Market leading text features comprehensive coverage, 10 new arbitration cases and an in text mock negotiation exercise.

21st Century Economics: A Reference Handbook Rhona C. Free 2010-05-14 Interest in economics is at an all-time high. Among the challenges facing the nation is an economy with rapidly rising unemployment, failures of major businesses and industries, and continued dependence on oil with its wildly fluctuating price. Economists have dealt with such questions for generations, but they have taken on new meaning and significance. Tackling these questions and encompassing analysis of traditional economic theory and topics as well as those that economists have only more recently addressed, 21st Century Economics: A Reference Handbook is a must-have reference resource. Key Features Provides highly readable summaries of theory and models in key areas of micro and macroeconomics, helpful for students trying to get a "big picture" sense of the field Includes introductions to relevant theory as well as empirical evidence, useful for readers interested in learning about economic analysis of an issue as well for students embarking on research projects Features chapters focused on cutting-edge topics with appeal for economists seeking to learn about extensions of analysis into new areas as well as new approaches Presents models in graphical format and summarizes empirical evidence in ways that do not require much background in statistics or econometrics, so as to maximize accessibility to students

Clark's Positioning in Radiography 13E A. Stewart Whitley 2015-07-28 First published in 1939, Clark's Positioning in Radiography is the preeminent text on positioning technique for diagnostic radiographers. Whilst retaining the clear and easy-to-

follow structure of the previous edition, the thirteenth edition includes a number of changes and innovations in radiographic technique. The text has been extensively updated

A Light Man (1869) Henry James 2016-04-01 This early work by Henry James was originally published in 1869 and we are now republishing it with a brand new introductory biography. Henry James was born in New York City in 1843. One of thirteen children, James had an unorthodox early education, switching between schools, private tutors and private reading.. James published his first story, 'A Tragedy of Error', in the Continental Monthly in 1864, when he was twenty years old. In 1876, he emigrated to London, where he remained for the vast majority of the rest of his life, becoming a British citizen in 1915. From this point on, he was a hugely prolific author, eventually producing twenty novels and more than a hundred short stories and novellas, as well as literary criticism, plays and travelogues. Amongst James's most famous works are The Europeans (1878), Daisy Miller (1878), Washington Square (1880), The Bostonians (1886), and one of the most famous ghost stories of all time, The Turn of the Screw (1898). We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.
