Talking to other people isn't Kate Bailey's favorite activity. She'd much rather be out on the lake, soaking up the solitude and sunshine. So when her best friend, Alana, convinces Kate to join their high school's podcast, Kate is not expecting to be chosen as the host. Now she'll have to answer calls and give advice on the air? Impossible. But to Kate's surprise, she turns out to be pretty good at the hosting gig. Then the podcast gets in a call from an anonymous guy, asking for advice about his unnamed crush. Kate is pretty sure that the caller is gorgeous Diego Martinez, and even surer that the girl in question is Alana. Kate is excited for her friend . . . until Kate herself starts to develop feelings for Diego. Suddenly, Kate finds that while doling out wisdom to others may be easy, asking for help is tougher than it looks, and following your own advice is even harder. Kasie West's adorable story of secrets, love, and friendship is sure to win over hearts everywhere.

Love, Life, and the List Kasie West 2017-12-26 What do you do when you've fallen for your best friend? Funny and romantic, this effervescent story about family, friendship, and finding yourself is perfect for fans of Sarah Dessen and Jenny Han. Seventeen-year-old Abby Turner's summer isn't going the way she'd planned. She has a not-so-secret but definitely unrequited crush on her best friend, Cooper. She hasn't been able to manage her mother's growing issues with anxiety. And now she's been rejected from an art show because her work "has no heart." So when she gets another opportunity to show her paintings, Abby isn't going to take any chances. Which is where the list comes in. Abby gives herself one month to do ten things, ranging from face a fear (#3) to learn a stranger's story (#5) to fall in love (#8). She knows that if she can complete the list, she'll become the kind of artist she's always dreamed of being. But as the deadline approaches, Abby realizes that getting through the list isn't as straightforward as it seems . . . and that maybe—just maybe—she can't change her art if she isn't first willing to change herself.

The Man Who Loved Books Too Much Allison Hoover Bartlett 2009-09-17 In the tradition of *The Orchid Thief*, a compelling narrative set within the strange and genteel world of rare-book collecting: the true story of an infamous book thief, his victims, and the man determined to catch him. Rare-book theft is even more widespread than fine-art theft. Most thieves, of course, steal for profit. John Charles Gilkey steals purely for the love of books. In an attempt to understand him better, journalist Allison Hoover Bartlett plunged herself into the world of book lust and discovered just how dangerous it can be. John Gilkey is an obsessed, unrepentant book thief who has stolen hundreds of thousands of dollars worth of rare books from book fairs, stores, and libraries around the country. Ken Sanders is the self-appointed "bibliodick" (book dealer with a penchant for detective work) driven to catch him. Bartlett befriended both outlandish characters and found herself caught in the middle of efforts to recover hidden treasure. With a mixture of suspense, insight, and humor, she has woven this entertaining cat-and-mouse chase into a narrative that not only reveals exactly how Gilkey pulled off his dirtiest crimes, where he stashed the loot, and how Sanders ultimately caught him but also explores the romance of books, the lure to collect them, and the temptation to steal them. Immersing the reader in a rich, wide world of literary obsession, Bartlett looks at the history of book passion, collection, and theft through the ages, to examine the craving that makes some people willing to stop at nothing to possess the books they love.

Churning the Earth Aseem Shrivastava 2012-05-24 The world stands so dazzled by India's meteoric economic rise that we hesitate to acknowledge its consequences to the people and the environment. In *Churning the Earth*, Aseem Shrivastava and Ashish Kothari engage in a timely enquiry of this impressive growth story. They present incontrovertible evidence on how the nature of this recent growth has been predatory and question its sustainability. Unfettered development has damaged the ecological basis that makes life possible for hundreds of millions resulting in conflicts over water, land and natural resources, and increasing the chasm between the rich and the poor, threatening the future of India as a civilization. Rich with data and stories, this eye-opening critique of India's development strategy argues for a radical ecological democracy based on the principles of environmental sustainability, social equity and livelihood security. Shrivastava and Kothari urge a fundamental shift towards such alternatives—already emerging from a range of grassroots movements—if we are to forestall the descent into socio-ecological chaos. *Churning the Earth* is unique in presenting not only what is going wrong in India, but also the ways out of the crises that globalised growth has precipitated.

Women live in a state of constant guilt: that we're not doing enough, that we're not good enough, that we can't keep up. If we're not climbing the corporate ladder, building our side hustle, preparing home-cooked meals, tucking the kids in at night, meditating daily, and scheduling playdates, date nights, and girls' nights every week, we feel like we're not living our best lives. Yet traditional productivity books—written by men—barely touch on the tangle of cultural pressures that women feel when facing down a to-do list. Now, Erin Falconer will show you how to do less—a lot less. In fact, *How to Get Sh*t Done* will teach you how to zero in on the three areas of your life where you want to excel, and then it will show you how to off-load, outsource, or just stop giving a damn about the rest. As the founder of two technology start-ups and one of *Refinery29's* Top 10 Women Changing the Digital Landscape for Good, Erin has seen what happens when women chase an outdated, patriarchal model of productivity, and now she shows you how even the most intense perfectionist among us can tap into our inner free spirit and learn to feel like badassess. Packed with real-life advice, honest stories from Erin's successful career, and dozens of actionable resources, *How to Get Sh*t Done* will forever reframe productivity so that you can stop doing everything for everyone and start doing what matters to you.

By Your Side Kasie West 2017-01-31 An irresistible story from Kasie West that explores the timeless question: What do you do when you fall for the person you least expect? When Autumn Collins finds herself accidentally locked in the library for an entire weekend, she doesn't think things could get any worse. But that's before she realizes that Dax Miller is locked in with her. Autumn doesn't know much about Dax except that he's trouble. Between the rumors about the fight he was in (and that brief stint in juvie that followed it) and his reputation as a loner, he's not exactly the ideal person to be stuck with. Still, she just keeps reminding herself that it is only a matter of time before Jeff, her almost-boyfriend, realizes he left her in the library and comes to rescue her. Only he doesn't come. No one does. Instead it becomes clear that Autumn is going to have to spend the next couple of days living off vending-machine food and making conversation with a boy who clearly wants nothing to do with her. Except there is more to Dax than meets the eye. As he and Autumn at first grudgingly, and then not so grudgingly, open up to each other, Autumn is struck by their surprising connection. But can their feelings for each other survive once the weekend is over and Autumn's old life, and old love interest, threaten to pull her from Dax's side?

The Unhappening of Genesis Lee Shallee McArthur 2014-11-18 "Equal parts dark and delightful, McArthur's stunning debut takes an awesome SF premise and

follows it deep into the maze of the human mind.” —Dan Wells, *New York Times*—bestselling author What would it feel like to never forget? Or to have a memory stolen? Seventeen-year-old Genesis Lee has never forgotten anything. As one of the Mementi—a small group of genetically enhanced humans—Gena remembers everything with the help of her Link bracelets, which preserve them perfectly. But Links can be stolen, and six people have already lost their lives to a memory thief, including Gena’s best friend. Anyone could be next. That’s why Gena is less than pleased to meet a strange but charming boy named Kalan who claims not only that they have met before, but also that Gena knows who the thief is. The problem is that Gena doesn’t remember Kalan, she doesn’t remember seeing the thief, and she doesn’t know why she’s forgetting things—or how much else she might forget. As growing tensions between Mementi and ordinary humans drive the city of Havendale into chaos, Gena and Kalan team up to search for the thief. And as Gena loses more memories, they realize they have to solve the mystery fast . . . because Gena’s life is unhappening around her. “For anyone fascinated with thoughts of omniscience and total social connection—and who isn’t?—McArthur’s debut suggests fascinating and chilling possibilities.” —Kirkus Reviews “A thrilling read from beginning to end, this stunning debut had me wishing I could record my memories to keep them safe!” —Elana Johnson, *USA Today*—bestselling author

Full House Stephen Jay Gould 2011-10-01 Gould shows why a more accurate way of understanding our world is to look at a given subject within its own context, to see it as a part of a spectrum of variation and then to reconceptualize trends as expansion or contraction of this “full house” of variation, and not as the progress or degeneration of an average value, or single thing.

Graph Neural Networks: Foundations, Frontiers, and Applications Lingfei Wu 2022-01-04 Deep Learning models are at the core of artificial intelligence research today. It is well known that deep learning techniques are disruptive for Euclidean data, such as images or sequence data, and not immediately applicable to graph-structured data such as text. This gap has driven a wave of research for deep learning on graphs, including graph representation learning, graph generation, and graph classification. The new neural network architectures on graph-structured data (graph neural networks, GNNs in short) have performed remarkably on these tasks, demonstrated by applications in social networks, bioinformatics, and medical informatics. Despite these successes, GNNs still face many challenges ranging from the foundational methodologies to the theoretical understandings of the power of the graph representation learning. This book provides a comprehensive introduction of GNNs. It first discusses the goals of graph representation learning and then reviews the history, current developments, and future directions of GNNs. The second part presents and reviews fundamental methods and theories concerning GNNs while the third part describes various frontiers that are built on the GNNs. The book concludes with an overview of recent developments in a number of applications using GNNs. This book is suitable for a wide audience including undergraduate and graduate students, postdoctoral researchers, professors and lecturers, as well as industrial and government practitioners who are new to this area or who already have some basic background but want to learn more about advanced and promising techniques and applications.

The Shikoku Pilgrimage John Lander 2021-09-29 - Evocative photographs of one of the world's most famous pilgrimages - All 88 temples illustrated and discussed - Includes accounts by former pilgrims The Shikoku Pilgrimage on the island of the same name is one of the few circular pilgrimages in the world. At 1,200 kilometers in length, the trail includes 88 temples and passes through diverse countryside such as idyllic bamboo groves, deserted beaches and ordinary Japanese neighborhoods. There is a long tradition of pilgrimage in Japan, dating back at least to the time of the renowned monk, poet and philosopher Kobo Daishi (774-825) who is particularly associated with this trail. John Lander, long-time resident of Japan, author and photographer, has visited and recorded every temple in evocative images, as well as providing fascinating details about the origin of the trail and what the pilgrimage means to the thousands who undertake it every year. The pilgrimage is undertaken for many reasons - to have a time of reflection away from everyday life, as a spiritual journey or as a healing period after a traumatic life experience. Along the way, pilgrims will encounter ordinary Japanese people and learn to understand the custom of o-settai, or charitable giving.

Show Them a Good Time Nicole Flattery 2020-01-28 "Show Them a Good Time is a master class in the short story—bold, irreverent and agonizingly funny." Sally Rooney, Author of *Normal People* and *Conversations with Friends* Named A Most Anticipated Novel of 2020 by *Entertainment Weekly* * *Marie Claire* * *Wall Street Journal* * *The A.V. Club* * *The Millions* * *Time* * *Parade* * *The Chicago Review of Books* * *LitHub* A blisteringly original and wickedly funny collection of stories about the strange worlds that women inhabit and the parts that they must play. A sense of otherworldly menace is at work in the fiction of Nicole Flattery, but the threats are all too familiar. *SHOW THEM A GOOD TIME* tells the stories of women slotted away into restrictive roles: the celebrity's girlfriend, the widower's second wife, the lecherous professor's student, the corporate employee. And yet, the genius of Flattery's characters is to blithely demolish the boundaries of these limited and limiting social types with immense complexity and caustic intelligence. Nicole Flattery's women are too ferociously mordant, too painfully funny to remain in their places. In this fiercely original and blazingly brilliant debut, Flattery likewise deconstructs the conventions of genre to serve up strange realities: In *Not the End Yet*, Flattery probes the hilarious and wrenching ambivalence of Internet dating as the apocalypse nears; in *Sweet Talk*, the mysterious disappearance of a number of local women sets the scene for a young girl to confront the dangerous uncertainties of her own sexuality; in this collection's center piece, *Abortion, A Love Story*, two college students in a dystopian campus reconfigure the perilous stories of their bodies in a fraught academic culture to offer a subversive, alarming, and wickedly funny play that takes over their own offstage lives. And yet, however surreal or richly imagined the setting, Flattery always shows us these strange worlds from startlingly unexpected angles, through an unforgettable cast of brutally honest, darkly hilarious women and girls. Like the stories of Mary Gaitskill, Miranda July, Lorrie Moore, Joy Williams, and Ottessa Moshfegh, *SHOW THEM A GOOD TIME* is the work of a profoundly resonant and revelatory literary voice – at once spiky, humane, achingly hilarious-- that is sure to echo through the literary culture for decades to come.

Jude Kate Morgenroth 2010-05-11 "Listen, you're young. We don't send kids to jail. If you had something to do with this, it's better to tell us. Then we can help you. Maybe it was a friend of yours come to take care of things for you. You've got a nasty bruise there, and your neighbors told us that you tend to get a lot of bruises. We take those things into account, you know. We understand about things like that." "You don't understand anything," Jude said. After Jude watches his drug-dealer father get gunned down at the kitchen table, he's taken from their dangerous neighborhood to a comfortable home, an elite private school, and a mother he doesn't remember. Only fifteen, Jude is under suspicion for his father's murder, but to save his own life, he can't tell the police what he knows. To make things worse, Jude's mother is the district attorney. She can protect him from the police -- but when Jude's classmate overdoses on heroin, Jude is implicated, and his mother decides to prosecute. Jude is determined to clear his name, though he doesn't know that mysteries from his past have yet to be revealed -- secrets that will forever alter the course of his life. Jude's gripping story is at once moving and horrifying as it traces a young man's quest for acceptance and his incredible capacity for hope and resilience. Kate Morgenroth, whose adult novels have been called "nearly impossible to put down" by *Time Out New York* and "compulsively readable" by *Entertainment Weekly*, here shows more of her considerable talent.
