The Hollywood Renaissance Yannis Tzioumakis 2018-06-28 In December 1967, Time magazine put Bonnie and Clyde on its cover and proudly declared that Hollywood cinema was undergoing a 'renaissance'. For the next few years, a wide range of formally and thematically challenging films were produced at the very centre of the American film industry, often (but by no means always) combining success at the box office with huge critical acclaim, both then and later. This collection brings together acknowledged experts on American cinema to examine thirteen key films from the years 1966 to 1974, starting with *Who's Afraid of Virginia Woolf?*, a major studio release which was in effect exempted from Hollywood's Production Code and thus helped to liberate American filmmaking from (self-)censorship. Long-standing taboos to do with sex, violence, race relations, drugs, politics, religion and much else could now be broken, often in conjunction with extensive stylistic experimentation. Whereas most previous scholarship has examined these developments through the prism of auteurism, with its tight focus on film directors and their oeuvres, the contributors to this collection also carefully examine production histories and processes. In doing so they pay particular attention to the economic underpinnings and collaborative nature of filmmaking, the influence of European art cinema as well as of exploitation, experimental and underground films, and the connections between cinema and other media (notably publishing, music and theatre). Several chapters show how the innovations of the Hollywood Renaissance relate to further changes in American cinema from the mid-1970s onwards.

Edward Albee's *Who's Afraid of Virginia Woolf?* Michael Y. Bennett 2018-07-11 Edward Albee's *Who's Afraid of Virginia Woolf?* shocked audiences and critics alike with its assault on decorum. At base though, the play is simply a love story: an examination of a long-wedded life, filled with the hopes, dreams, disappointments, and pain that accompany the passing of many years together. While the ethos of the play is tragicomic, it is the anachronistic, melodramatic secret object—the nonexistent "son"—that upends the audience's sense of theatrical normalcy. The mean and vulgar bile spewed among the characters hides these elements, making it feel like something entirely "new." As Michael Y. Bennett reveals, the play is the same emperor, just wearing new clothes. In short, it is straight out of the grand tradition of living room drama: Ibsen, Chekhov, Glaspell, Hellmann, O'Neill, Wilder, Miller, Williams, and Albee.

Edward Albee: A Singular Journey Mel Gussow 2012-11-27 In 1960, Edward Albee electrified the theater world with the American premiere of *The Zoo Story*, and followed it two years later with his extraordinary first Broadway play, *Who's Afraid of*

Virginia Woolf? Proclaimed as the playwright of his generation, he went on to win three Pulitzer Prizes for his searing and innovative plays. Mel Gussow, author, critic, and cultural writer for The New York Times, has known Albee and followed his career since its inception, and in this fascinating biography he creates a compelling firsthand portrait of a complex genius. The book describes Albee's life as the adopted child of rich, unloving parents and covers the highs and lows of his career. A core myth of Albee's life, perpetuated by the playwright, is that *The Zoo Story* was his first play, written as a thirtieth birthday present to himself. As Gussow relates, Albee has been writing since adolescence, and through close analysis the author traces the genesis of *Who's Afraid of Virginia Woolf?*, *Tiny Alice*, *A Delicate Balance*, and other plays. After his early triumphs, Albee endured years of critical neglect and public disfavor. Overcoming artistic and personal difficulties, he returned in 1994 with *Three Tall Women*. In this prizewinning play he came to terms with the towering figure of his mother, the woman who dominated so much of his early life. With frankness and critical acumen, and drawing on extensive conversations with the playwright, Gussow offers fresh insights into Albee's life. At the same time he provides vivid portraits of Albee's relationships with the people who have been closest to him, including William Flanagan (his first mentor), Thornton Wilder, Richard Barr, John Steinbeck, Alan Schneider, John Gielgud, and his leading ladies, Uta Hagen, Colleen Dewhurst, Irene Worth, Myra Carter, Elaine Stritch, Marian Seldes, and Maggie Smith. And then there are, most famously, Elizabeth Taylor and Richard Burton, who starred in Mike Nichols's acclaimed film version of *Who's Afraid of Virginia Woolf?* The book places Albee in context as a playwright who inspired writers as diverse as John Guare and Sam Shepard, and as a teacher and champion of human rights. *Edward Albee: A Singular Journey* is rich with colorful details about this uniquely American life. It also contains previously unpublished photographs and letters from and to Albee. It is the essential book about one of the major artists of the American theater.

Everyone's Fine with Virginia Woolf Kate Scelsa 2019-08-12 A sharp-witted parody of a celebrated American drama, *EVERYONE'S FINE WITH VIRGINIA WOOLF* is, in turns, loving homage and fierce feminist takedown. Kate Scelsa's incisive and hilarious reinvention of Edward Albee's classic *Who's Afraid of Virginia Woolf?* slyly subverts the power dynamics of the original play's not-so-happy couple. In the end, no one will be left unscathed by the ferocity of Martha's revenge on an unsuspecting patriarchy.

Who's Afraid of Virginia Woolf? Christopher Hudson 1985 George, a disillusioned academic, and Martha, his caustic wife, have just come home from a faculty party. When a handsome young professor and his mousy wife stop by for a nightcap, an innocent night of fun and games quickly turns dark and dangerous. Long-buried resentment and rage are unleashed as George and Martha turn their rapier-sharp wits against each other, using their guests as pawns in their verbal sparring. By night's end, the secrets of both couples are uncovered and the lies they cling to are exposed. Considered by many to be Albee's masterpiece, "Who's Afraid of Virginia Woolf?" is a "brilliantly original work of art -- an excoriating theatrical experience, surging with shocks of recognition and dramatic fire" ("Newsweek").

Family in Edward Albee's Plays 'The Sandbox' and 'Who's Afraid of Virginia Woolf?' Nadja Klopsch 2010-02 Seminar paper from the year 2008 in the subject English Language and Literature Studies - Literature, grade: 1,3, Ernst Moritz Arndt University of Greifswald (Department of English and American Studies), course: Modul Specialisation, language: English, comment: Kommentar Dozent am Ende der Arbeit: "sehr schön (1,3)," abstract: The American dramatist Edward Albee is going to celebrate his 80th birthday these days. In his life he observed several decades of American society as well as changes in attitudes and values of the American population. In almost all of his plays Edward Albee looks at the American family and its various manifestations, criticises it, mocks it, and reveals its dishonesty. His plays frequently contain "the figure of the child which ranges from that of the adopted infant, real or imagined baby, young man, dead child, imaginary person, to that of grown-up homosexual son" (Cristian 1). The figure of the child is often understood as "the alter ego" of Edward Albee (Cristian 6). Shortly afterwards his birth on March 12 1928 Albee was adopted by a wealthy couple. The family was part of the New York high society and tried to bring up their son to be a respectable constituent of this community. Edward Albee sensed early that he was not the couple's biological son. He experienced several conflicts with his parents who disapproved of his lifestyle, interests, sexual orientation and acquaintances. After some years at various boarding schools and colleges, Albee finally and abruptly left home and broke ties with his adoptive parents in 1949. Albee took employment as runner in an advertising agency, sales clerk in a music shop,

bookseller-assistant, waiter in convenience restaurant and telegram deliverer for Western Union. His various occupations not only allowed him to write but through his jobs he was able to observe quite a number of different people and lifestyles. In an interview about his plays and the assumed analogousness of his plays he said: "Y"

Send Yourself Roses Kathleen Turner 2008-02-14 From her film debut as the sultry schemer in Body Heat to her award-winning role as Martha in Who's Afraid of Virginia Woolf?, actress Kathleen Turner's unique blend of beauty, intelligence, and raw sexuality has driven her personal and professional life. Now, in this gutsy memoir, the screen icon tells us of the risks she's taken and the lessons she's learned-sometimes the hard way. For the first time, Turner shares her childhood challenges-a life lived in countries around the world until her father, a State Department official whom she so admired, died suddenly when she was a teenager. She talks about her twenty year marriage, and why she and her husband recently separated, her close relationship with her daughter, her commitment to service, and how activism in controversial causes has bolstered her beliefs. And Turner reveals the pain and heartbreak of her struggle with rheumatoid arthritis, and how, in spite of it, she made a daring decision: to take a break from the movies and relaunch her stage career. Along the way, Turner describes what it's like to work with legends like Jack Nicholson, Michael Douglas, William Hurt, Steve Martin, Francis Ford Coppola, John Huston, John Waters, Edward Albee...and, with characteristic irreverent humor, shares her behind-the-screen stories of dealing with all types of creative, intimidating, and inspiring characters. Kathleen Turner has always known that she would play the lead in the story of her life. It's impossible not to take her lessons on living, love, and leading roles to heart. And it won't be long until you'll be sending yourself roses!

Truth, Illusion and the American Dream in Edward Albee's "Who's Afraid of Virginia Woolf" Jannis Rudzki-Weise 2010-12-07
Seminar paper from the year 2009 in the subject American Studies - Literature, grade: 1,7, University of Kassel, course: 20th Century British and American Drama, language: English, abstract: Edward Albee's "Who's Afraid of Virginia Woolf" has become one of the major works in American dramatic history (Roundane 42) and a huge career boost for Albee himself. This is not surprising as this masterpiece is considered to be revolutionary and ambitious as well as scandalous and highly controversial at the same time. The play, which has been discussed so passionately, "gives us four almost unrelievably nasty people who for something like three-and-a-half hours [...] take part in a drunken orgy of backbiting, bitchery, humiliation, verbal castration, exposure and physical mauling" (Hilfer 121). Not only wanting to entertain the audience but also including social criticism, Albee makes use of essential themes which help to make people understand their situation and to make them realize the necessity to act in order to modify society. In the course of this paper, I am going to attempt to illustrate the importance of the American Dream and to establish a connection to the topic of truth and illusion which can be understood as the basis of Albee's concept. To start with, I will exemplify different aspects of the American Dream and point out selected features of the characters that can be linked to the American Dream. In order to appreciate most of the professional criticism, it is of the utmost importance to look at the issue of truth and illusion that is predominant in many parts of the play. Examining the subject matter of illusion, I will concentrate on the imaginary son as well as the relationship between the guests Nick and Honey. In a last step, I am going to explain the issue of truth in the play by examining the killing of the imaginary son and the confession of Nick and his wife. Examining selected scenes, I will try to clarify the aspects Albee criticizes and explain the requests the author has. For many people the 'American Dream' is an ethos that grants everybody the opportunity to achieve "Life, Liberty and the Pursuit of Happiness" (Declaration of Independence). The myths of success and virtue seem to be a goal Americans have been striving to achieve for a long time. Dreams can be fulfilled by anybody, no matter the social background, through hard work and determination. Writing the play during the Cold War in 1962, when the world was close to a nuclear war, Albee responded to the questioning of the patriotic beliefs which was an ongoing problem in the USA.
